Annual Report

2022

Eng\ Abdul Jabbar Al-Yousfi
Foundation's President - Board of Trustees Chairman

Editorial

Yearly Achievement

With a closer look at the interests of the humanitarian organizations work that is carried out thankfully throughout the different parts of Yemen .. Ofouq Foundation found a worthy area of attention that these organizations did not pay attention to, in the field of education and rehabilitation which are considered a gateway for societies into the future, as there is no other path that leads any nation towards the future like education. Therefore, Ofouq Foundation, since its inception, has decided to work in the field of education and rehabilitation, and despite the obstacles and difficulties that impede this noble work, the Foundation has done well in its previous years in general and in the year 2022 in particular. Variation of activities, programs, educational and development projects, the most outstanding were student's sponsorship project and educational grants project for all university, higher and vocational education courses. In addition to the project of feeding and rehabilitating students from villages and student residences, which are scattered in separate places in the city of Taiz, and inhabited by poor, stranded male and female students from Taiz governorate and neighboring governorates. All this was for the sake of local leadership in humanitarian work dedicated to education and rehabilitation, as it is the only path to sustainable development for all societies. We draw inspiration from all the experiences around us in our work, which acquired confident steps towards the future, and this is only was only through education and qualification.

In this report, we put the most prominent achievements of the Foundation for the past year 2022 , and to offer our sincere thanks and gratitude to all our partners in noble development work, whether local or international institutions or individuals on the Yemeni internal or regional level.

And only from Allah, and then your support, we derive our great energy to move with determination and steadfastness towards the future... May Allah grant us success for what he loves and is pleased with, and fulfill our deeds purely for his honorable sake.

Housing

Housing

The foundation, through the educational **grants** project, is looking forward to helping those male and female students who couldn't enroll in university and higher education because of their living conditions, but they are distinguished and have aspirations and passion for education. The foundation takes care of the expenses of teaching "dozens annually" in qualitative majors. The foundation was a pioneer in this regard and the first among civil society organizations in Taiz to provide educational scholarships for poor outstanding students.

Orphanage 01

The project is located in Taiz area - Al-Haseb - Wadi Al-Oqibat. The area of the project site is (1357) square meters. The place will be allocated for the construction of an orphanage and an attached school for the rehabilitation of orphans, with the support of a philanthropist.

As a first stage, **60** orphans will benefit from the project once it is launched, and the number will increase to **120** at a later stage after the orphans rehabilitation school is established.

Winter Clothes

Through the project, bread is distributed daily. The project targets 40 school students in one of the orphanages in Taiz, in addition to 40 poor school students in Cairo and Al-Muzaffar districts.

Bread Distribution

40

Beneficiary Student

The Foundation distributed 400 Eid clothes for orphans and poor students in number of basic schools in Taiz Governorate, this is due to the inability of these students and their families to provide Eid clothes. The distribution targeted orphan and poor students from 1st grade until 9th grade from basic education with the support of philanthropists.

First Rank

I thank Ofouk Foundation and those in charge, who have the credit, after Allah, for granting me the opportunity to get a seat in the student housing. This played the most prominent role in my achievement and academic excellence, as it provided me with complete care and relieved me and my family of many of the burdens of education. Now, I am working as a lecturer in the college that I graduated from Taiz University.

My assessment is excellent and praise be to Allah. I extend my thanks and gratitude to those who had the credit after Allah and my family to continue my university education and supported me to get my educational rank, which is Ofouq Foundation to get my educational rank, which is Ofouq Foundation to obtain education and development, accommodation for female students.

This foundation is the one who provided me with the right place, atmosphere, safety and total calm due to difficulties in Taiz Governorate. Not only that, but the foundation provided appropriate opportunity to develop me skillfully and socially as well, which paved the way and helped me excel so as to honour my community and be distinguished in my field.

I extend my sincere thanks to Ofouq Foundation for education and development, which had the credit, after Allah almighty, for sponsoring me to continue my university education. It provided me with everything a student of Knowledge needs to complete his studies, including a safe, peaceful place to stay in, healthy food, and training courses in many fields. The foundation provided the appropriate atmosphere for studying, which made me educated, distinguished student. So thanks to Ofouq Foundation, thanks to my second family, my second family.
